SUBJECT INDEX, VOLUME 50

Adrenal
hormones and work performance, 1
and electrolyte excretion, 51
oxidative metabolism of, 73
and hypophysis of fetal rats, 83
diabetogenic effect of, 100
and iodine distribution, 134
and alloxan diabetes in stress, 143
bioassay of steroids of, 150
and water balance, 174
enhancement of adrenocorticotropin, 187
and water excretion, 206
and scurvy, 259
cytochemistry of in cardiac hypertrophy, 264
and electrolyte excretion, 286
in Leishmaniasis, 311
and decay of radioiodine, 324
and maintenance of life, 331
cytochemistry of tumors of, 338
hormones in blood, 366
and pantothenic acid, 377
succinic dehydrogenase of, 385
and pantothenic acid deficiency, 388
formaldehydogenic steroids of, 412
relations to uterus and hypophysis, 429
and stress, 462
and parabiotic hypertension, 478
properties of hormones of, 521
and estrogens, 531
ascorbic acid of Quail, 555
and hypertension, 562
corticoid interactions, 574
corticoid production *in vitro*, 639
insufficiency in monkey, 664
and salt balance, 667
Androgens
glycostatic effect on muscles, 199
and succinoxidase of liver, 361
prostate response in dietary deficiency, 406
and chick combs, 504
fate of C^{14}-testosterone, 587
Antithyroid compounds
permeability of placenta for, 218
in single injections, 234
and decay of radioiodine, 272
propylthiouracil and growth, 600
Assay
of estrogens, 61
of adrenal steroids, 150
of insulin, 442
Blood
corticotropin content of, 274
antidiuretic hormone of, 350
corticosteroids of, 366
iodine levels in sheep, 511
Body temperature
influence of drugs and hormones, 485
Cholesterol
and thyroid, 192
Cytochemistry
of adrenal, 264
of adrenals in Leishmaniasis, 311
of adrenal tumors, 338
succinic dehydrogenase of adrenal, 385
of chick's comb, 504
Cytology
of hypophysis, 140
of chicken pituitary, 277
Diabetes
effect of hypophysial hormones, 100
of alloxan and stress, 143
effect of gonads upon, 212
and obesity, 318
effect of ACTH and KCl, 684
Enzymes
steroids and β-glucuronidase, 16
and androgens, 361
Epinephrine
effect on thyroid, 68
and formation of epinephrine, 399
and eosinophiles, 585
Estrogens
augmentation by urine extracts, 5
and tissue metabolism, 29
assay of, 61
inactivation in liver, 269
in urine of pseudohermaphrodites, 271
and cortico steroid excretion, 419
and body temperature, 485
and adrenal ascorbic acid, 531

Heart
and adrenal, 264
Hypophysis
and adrenals of fetal rats, 83
diabetogenic effect of, 100
cytology of, 140
gonadotrophin and testis, 162
enhancement of corticotropin, 187
and water excretion, 206
inactivation of corticotropin, 226
extra-adrenal action of corticotrophin 254
corticotrophin in blood, 274
cytology of, 277
and gonadotrophins, 294
and renal clearance of I^{131}, 327
antidiuretic hormone of, 350
formation of corticotropin in, 399
relations to uterus and adrenal, 429

Insulin
bioassay of with rat diaphragm, 442
Iodine
distribution and adrenal and thyroid, 134
bound to protein in tissues, 170
decay of radioiodine and adrenals, 324
and hypophysis, 327
metabolism in sheep, 511
effect of anions on uptake by thyroid, 537
and thyroid, 612

Liver
inactivation of estradiol, 269

Methods
for heart rate and oxygen uptake of rats, 94
intravenous injections of steroids, 583
Muscles
glycostatic effect of androgens upon, 199

Obesity
in diabetes, 318
Ovulation
control of 456

Pancreas
effect of glucose infusions, 644
Parabiosis
and adrenal, 478
Placenta
permeability to thyroid principles, 218
Potassium
sex difference in tolerance for, 569
Prostate
and response to androgens, 406

Reproductive cycle
energy relations of uterus during, 37

Scurvy
and adrenals, 259
Stress
in alloxan diabetes, 143
and adrenal, 462

Testis
effect of gonadotropin upon, 162
effect on alloxan diabetes, 212
Thyroid
effect of epinephrine and thyrotropin upon, 68
myxedema after radioiodine, 115
iodine distribution and, 134
and cholesterol, 192
and permeability of placenta, 218
effect of antithyroid agents upon, 234
and decay of radioiodine, 272
hormone absorption in gut, 374
and chick embryo, 497
effect of anions upon, 537
response to total body x-irradiation, 550
thermogenic effect of, 580
and iodine, 612
Toxicity
of p-hydroxypropiophenone, 607

Urine
ICSH in human urine, 304
Uterus
effect of pregnant mare's serum upon, 5
energy metabolism during cycle, 37
oxytoxic effect in guinea pig, 124
and pituitary-adrenal antagonism, 429

Water balance
and adrenal, 174
and hypophysis and adrenal, 206
and adrenal, 286
Work performance
and adrenal hormones, 1

Vitamins
pantothenic acid and adrenal, 377
adrenal in pantothenic acid deficiency, 388
